MODERN WOODMEN OF AMERICA LISTEN TO LECTURE

The efforts that are being made by the Modern Woodmen of America to stamp out the "white plague," were made clear to a small audience last night at the K. of P. hall, in an illustrated lecture given by the Hon. John F. Harris.

In connection with the lecture, 125 pictures of the tuberculosis sanitarium, established at Colorado Springs were shown. Every detail of the methods employed by the sanitarium attendants to stamp out the disease were displayed on the canvas and explained by the lecturer.

In their work in Colorado, he said, they were assisted by the high dry atmosphere which is a bracing tonic for the patients.

The sanitarium farm was also interestingly discussed. Concerning this, Mr. Harris said that the milk from Holstein cows was used exclusively, because it does not contain too large a proportion of butter fat, which is injurious to consumptives. Conditions at the farm also are such that most of the food comes from its fresh and wholesome.

The speaker stated also that, if a patient were taken in the early stages of the disease and placed under treatment at the institution, that a positive cure could be made in almost every instance.

In corroboration of the statement, he showed several pictures of patients before and after a few months' treatment and all of the latter showed marked improvement.

COL. HUDSON BUILDING

S. W. Corner 24th Street and Hudson Avenue.

An ideal office building centrally located and thoroughly fireproof and modern in every respect. The system of light and ventilation has been the object of special care and the commodious offices will have all the comforts and conveniences of present day needs and tenants will have the additional advantages of safety, security and sanitation. With the view of making this building the permanent business home of desirable tenants the rental rates have been made very reasonable and attractive. The building will be ready for occupancy on or before January 1, and reservations may be made now. Apply to J. H. Knauss, Room 15, Commercial National Bank Building. — Advertisement.

FOR THE PAVING OF TWENTY-FIFTH

In an effort to secure the paving of Twenty-fifth street from Washington avenue to the Union depot, John Spargo and other property owners will circulate a petition during the next few days.

Just what plan of procedure will be followed is not known as yet by Mr. Spargo, as he is debating whether to call a mass meeting of the Twenty-fifth street property owners or merely to have the petition circulated. The petition was prepared by J. C.

Nye, commissioner of streets. The recent plan of Mr. Nye to have the street paved at the expense of the property owners was unsuccessful, as the entire city should pave the street, as it is a public thoroughfare and is used by all.

FOR SALE THE FAIR GROUNDS

The undersigned is authorized by the Board of Directors of the Inter-Mountain Fair Association to ask for bids for the sale of the Fair Grounds consisting of 24 acres of ground with all the improvements thereon, located on 17th street, Ogden, Utah.

Sealed bids should be addressed to the "Directors of the Inter-Mountain Fair Association," Care of George H. Folkman, Secretary, Ogden, Utah. Bids will close January 1, 1914. All bids subject to the approval or rejection by the regular annual stockholders meeting of the Fair Association to be held on the second Wednesday in January, 1914. There is a mortgage for \$10,000 on the property bearing 6 per cent interest, not due for several years. Bids asked for may be subject to mortgage or all cash.

GEO. D. FOLKMAN, Secretary.

FISH HATCHERY EXPERT HERE TO SELECT A SITE

Assistant Chief R. S. Johnson of the United States bureau of fisheries, arrived in the city yesterday evening from Logan. He was accompanied by State Fish and Game Commissioner Fred W. Chambers. Mr. Johnson has just completed a thorough inspection of a private fish hatchery, near Logan, the site of which has been proposed for the government fish hatchery, the establishment of which is now under consideration.

He has also made an inspection of sites in Utah, Salt Lake and Tooele counties.

Shortly after his arrival last night, he was the guest of honor at a banquet given by the Weber club, at which State Commissioner Chambers and the following representative citizens were present: M. S. Browning, A. L. Brewer, Willard Snowcroft, Joe Reed, Dr. H. M. Rowe, Frank M. Driggs, J. David Larson and I. L. Reynolds.

Arrangements were made to take Mr. Johnson into Ogden valley to inspect several good locations in that vicinity. In addition to State Commissioner Chambers and J. David Larson, the following men accompanied Mr. Johnson:

M. S. Browning, Willard Snowcroft, A. L. Brewer and Joe Reed.

THE INCOMPLETE RESCUE.

The Seedy Individual (who has come up just after the rescue)—Are you the cove wot 'as just pulled my boy aht 'o the sea?

The other (modestly, after effecting a very gallant rescue)—Yes, my friend, but that's quite all right—don't say any more about it.

"Ort right? It ain't ort right! Wot abaht 'is bloomin' att"—London Opinion.

DOUBLE WRESTLING CONTEST AT THE ORPHEUM

According to articles signed yesterday, there will be a double wrestling bill staged at the Orpheum theatre on the night of December 15. The bouts will be between Jack Harbertson, the local middleweight, and G. McCloud, a topnotch welterweight, and Tom Long, the southern champion, and Arthur Chester, the fast middleweight of Pocatello, Idaho.

Long recently defeated Chester in a match staged in Pocatello, but it took three falls to decide the match, the first being won by Chester with a toehold. Chester has been in training since that time and his Pocatello backers have been clamoring for a return match. As an evidence of faith in the Idaho man, A. H. White of Pocatello yesterday offered to put up a \$500 purse for a match. Long accepted the offer and went farther by agreeing to put up an equal amount and the two deposited \$100 each to bind the match.

The match between Harbertson and McCloud will be a handicap, the Ogden man agreeing to throw McCloud twice in an hour. The referee will probably be Valno Ketonen, who recently defeated Chris Jordan in Salt Lake City.

LOCAL SHOTS ARE MAKING WAGERS ON BIG SHOOT

Interest in the championship indoor rifle competition for 1913, scheduled to take place at the Armory tonight at 7:30 o'clock, reached its highest point this morning when a number of wagers were laid to the effect that the winner would be one of the local gallery experts.

Members of the Ogden Rifle and Revolver club, under the auspices of which the shoot is being conducted, are out with a challenge to any and all indoor rifle shots of Weber county and all indoor rifle shots of Weber county and all so-called champions. These club members claim the championship question can be determined by shooting in a local gallery due to the fact that the local ranges vary in distance from twenty to forty feet. They point to the fact that the National Rifle association of America, with which the Ogden club is affiliated, refuses to consider any claims made, as to shooting ability, on any range excepting one of seventy-five feet in length or one of fifty feet in length with a greatly reduced target.

Anxious and only too willing to determine the championship honors in rifle shooting for Weber county under official conditions as endorsed by the National Rifle association, they point to the fact that they have gone to considerable expense in arranging the present shoot and that no entrance fee is charged.

The shoot is open to all citizens of Weber county. The Ogden organization, according to authorities, that have visited all of the rifle clubs in the state, has the most comfortable, most completely equipped and most up-to-date range in Utah. There has been installed recently a complete trolley system which obviates the necessity of walking the seventy-five feet of range in order to change targets after each ten shots.

The shot tonight will be conducted according to the rules and regulations of the N. R. A. Any .22 calibre rifle, with any sights not containing glass, may be used. Ammunition will be supplied to contestants at practically wholesale prices, although any ammunition may be used.

Lieutenant Clayton Coolidge, one of the western representatives of the Remington Arms-Union Metallic Cartridge company, and a life member of the N. R. A., has consented to act as range master. He will award to the winner the handsome trophy hung up by the Ogden Rifle and Revolver club. It is a watch fob containing a gold pendant and bar, and will be suitably engraved with the name of the winner. It is on exhibition at the J. S. Lewis jewelry store.

The shoot will begin promptly at 7:30 o'clock, but those arriving later than that hour will be accommodated. The executive committee has done everything in its power to bring this challenge to the attention of the local rifle shots and anticipates one of the most successful shoots of the year.

TREES ORDERED CUT DOWN BY BOARD

Complaints to the board of park commissioners that the tall poplar trees in the vicinity of Grant avenue and Twenty-ninth street make at night an excellent rendezvous for highwaymen, were considered at length during the meeting Thursday afternoon. Much discussion occurred as to whether the park commission had the right to order the trees removed. It was finally decided that the case should be placed in the hands of T. S. Browning, commissioner of public safety, although the parkmen decided to take the matter up also with W. B. Wedell, owner of the property.

Superintendent Berend Van Der Schuit reported that the skating pond in Monroe park would probably be completed by the J. P. O'Neil Construction company during the week. It was agreed to pay the company \$900 now and the remainder when the work is accepted.

White ash and green ash trees were ordered eliminated from the list of trees to be planted in the parkings along the city streets. The trees, it was explained, become filled with insects in the spring months.

The board instructed Superintendent

BILL CLIFFORD in his Musical Comedy "BELIEVE ME" Orpheum, Sunday Night.

dent Van Der Schuit to enforce to the letter the ordinance providing for the planting of certain trees on certain streets, and demanding permits from the park board before trees may be planted on the streets. In connection with these instructions the superintendent said that he does not enforce this ordinance in the hope that the trees removed will be replaced with some purchased from him, declaring that he does not sell trees. The commissioners will plant several blocks of ornamental shade trees in the spring.

JOLLY COMEDIAN COMING TO OGDEN

Billy Clifford to Appear in Musical Farce at Orpheum; Prices Reduced.

The past season has developed an entirely new form of theatrical entertainment. It is nothing else than a musical farce. Some one conceived the idea of taking a brisk farce, bringing it up to date and interpolating musical numbers. The idea proved an immediate success. It is in this style of entertainment that Billy Clifford will come to the Orpheum theatre next Sunday night. The offering is called "Believe Me," being a lively farce with a laugh in every line and interspersed therein no less than eighteen tuneful songs added for good measure. Billy is seen to the best possible advantage and is surrounded by an excellent company, who sing and dance in a very acceptable manner. This production will play Ogden at reduced prices, the first of the musical shows to inaugurate musical comedy at popular prices. Seat sale opens today.

THE SOMNAMBULIST.

Mrs. Exe—My husband walks in his sleep.

Mrs. Wye—I wish I could get mine to. His daily work is so confining the poor fellow gets hardly a bit of exercise.

EVERYTHING IN ITS PLACE.

"Shine 'em up, sir?" cried the young bootblack. "I'll polish 'em so you kin see yer face in 'em, sir."

"Thanks, my lad, but I'm quite satisfied to see my feet in them," replied Fogg, and he went.

AND WHICH IS CONDENSED.

The city cousin on a short visit to her country cousin, is watching the latter as she commences to do the evening milking.

"Oh, I say, isn't it all so very interesting. And from which of the cows, Lucy, do you take the certified milk?"—Buffalo Express.

CLUB CHAIRMAN OPPOSES VOTING

New York Woman Addresses House Rules Committee on Anti-Suffrage Question.

STATES SHOULD DECIDE

Socialism and Mormonism Two Forces That Would Combine to Overthrow Republic.

Washington, D. C., Dec. 5.—Mrs. William F. Scott of New York, chairman of the executive committee of the Gaidon club, opposed to woman suffrage, addressed the house rules committee today in argument against a standing committee on suffrage.

"Each successful suffrage campaign," she said, "has been carried by an appeal to the people to rise against the law and the existing government under the dictates of self-interest. In Los Angeles the suffragists chanted to the beat of marching feet as the labor unions and Socialist organization, marched, headed past the prison in which the McNamaras awaited their fate, 'you vote for us and we'll vote for you.'"

Mrs. Scott urged that the federal government have nothing to do with the suffrage question; that it should be left to the states. In this she was supported by Mr. and Mrs. Rosister Johnson, also of the Gaidon club of New York.

Mrs. Johnson insisted that any state desiring woman suffrage was at liberty to have it "without any amendment of the federal constitution or any action of congress whatever."

"In making advance toward woman suffrage," said Mrs. Johnson, "this government would be playing into the hands of the two forces within the United States that desire the republic's overthrow. These forces are Socialism and Mormonism. The latter introduced woman suffrage into this country, while Utah was a territory, and Socialism is responsible for every other particle of woman suffrage in this country or in any other."

HABEAS CORPUS FOR SADIE HITEMAN

Salt Lake, Dec. 5.—Application for a writ of habeas corpus for the release of Sadie Hiteman, from the state industrial school will be filed in the district court today. The hearing probably will be held before Judge F. C. Looftbour Saturday.

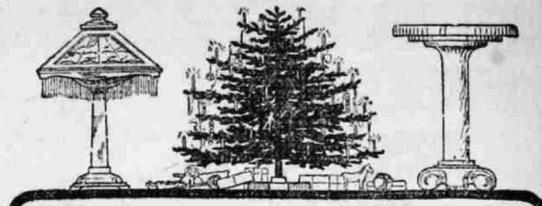

The action is brought by J. David Hiteman, father of the girl, who alleges that his daughter is over 18 years old and is not subject to the decrees of the juvenile court as a minor.

Miss Hiteman was sent to the industrial school October 1, on a charge of incorrigibility. She escaped from the school, was captured and is now being held "without privilege," according to her father, who says he has been denied the right to visit his daughter.

The application for a writ will be directed against E. G. Gowans, superintendent of the school.

HUNTING FOR MAMMOTH TUSKS IN SIBERIA

One thousand miles north of Yakutsk, the "metropolis" of Central Asiatic Siberia on the River Lena, is the Lena delta on the Arctic shore. East and west of the delta, 1500 miles each way, and among the islands scattered hundreds of miles to the north of the delta, there lies embedded in the ice and snow, and also in the frozen sands on the shores beneath, ivory that was old ages and ages ago.

Mammoth wandered through this territory when Palestine was a jungle, when the Pleistocene Age was but half way advanced, long before the third great glacial period. These mammoths were tusked from ten to fifteen feet in length, weighing from 150 to 200 pounds each, and—here's the secret of an annual thousand-mile expedition north—worth from \$5 to \$10 to the natives. To them \$50 is a wonderful sum to earn in a single year.

A native of the Yakut tribe need make no more than three successful trips to the Lena delta to acquire sufficient wealth for the needs during the remainder of his life. One trip may be made each year. Yet there are hundreds of natives who have made from ten to twenty of these trips before they reaped as much profit as would come from three successful journeys after the fossil ivory.

The reasons for this are few, but sufficient. It is the largest and most perilous freighting journey in the world. Many of the disasters that overcome Arctic explorers have to be combated; there is danger of freezing to death, of starting to death and of perishing in the great cravasses.

Adolph G. Weldt in Technical World Magazine.

A SUCCESSFUL NEGRO FARMER

Twenty-two years ago James W. Thomas of Marlborough county, C. C., began his career as a farmer by buying an old horse for \$40.75 and by renting thirty acres of ordinary South Carolina land for 1000 pounds of lint cotton. After four years of hard work and close saving he was able to buy a mule for \$69 and also seven acres of land. Then he began renting and working farms which belonged to other men. Gradually he was able to buy the land he had been renting. He also found it worth his while to open a "grab" or commissary.

Now Thomas lives in a twelve-room house and employs on his \$40,000 plantation thirty-nine families, consisting of 189 men, women and children. He grows a variety of crops including cotton, corn and some garden truck, and raises his own horses, mules, cows and hogs. He has received as much as \$21,000 for his cot-

Jacob Schiff has contributed \$10,000 to the New York Y. W. C. A. \$4,000,000 campaign.
